Model Specification Table - 20/8/05

The adjacent table outlines the standard features and specifications of each Innovan model presented within the Slide-On Camper range.

Prices for models within the Innovan Slide-On range lie between \$15,000 to \$40,000 AUD depending on model and specification.

Please Note - Innovan Model Specifications and prices are subject to change. Innovan reserves the right to change specifications and prices without notice. Check with Innovan and obtain the latest Model Specification Table, prices and features before sending a purchase order and deposit.

Innovan is happy to negotiate customisation of standard models within the scope of adjacent features listed. To obtain customisation quotes contact an Innovan representative or fill in the last column on this table with the model name you want to modify. Then place a tick to include specification or a cross to remove. Fill out the details below and Fax it to Innovan. We will get back to you shortly.
