

Utilising Innovan's advanced moulded composite structure, the **Trader** offers the structural innovation of the Innovan range while still allowing users to have total control over fittings and finishes. Perfect for the tradesman or handyman, this insulated and secure unit can be post fitted for commercial or leisure activities by the purchaser.

The Innovan **Trader** slide-on camper is fitted with the following features:

- Glacier white moulded GRP composite outer shell, internal furniture and canopy with flow coat internal surface finish
- Pneumatic canopy rams with lock down brackets and dust seal
- Lockable main access door
- Suits most "1 ton" trayback utilities (4x4s and 2x4s) with a single cab
- Changes to Innovan's **Trader** specifications can be negotiated. For more information, please contact an Innovan representative or fill in the Innovan "Model Specification Table" and Fax it back to Innovan.

- To place an order contact Innovan or log on to www.innovan.com.au for more details
