

INNOVAN MODEL SPECIFICATION TABLE - SEPTEMBER 2007

The components listed as being standard (Std) to all models will be included unless special arrangements are made. The 'Y's indicate what would be included in a standard model but can be selected or omitted to customise a unit to your own requirements. The options that can be selected (from all but the trailed section) apply for both slide-on and trailed models.

	ADVENTURER	CRUSADER	ROVER	VOYAGER
